Haliburton Girl Lindsay Manpower Placement Officer

A Haliburton girl has been named as Student Placement Officer in Lindsay's Manpower office this summer. She is Catherine Carroll, an arts graduate from Huron College, University of Western Ontario, and this summer she will be trying to find jobs for 250 post-secondary students in that area in a project worked out in conjunction with the Lindsay Chamber of Commerce.

The Chamber will be canvassing members for possible job openings this summer.

Miss Carroll's target of 250 placements is up 50 from last year's target and 15 above last year's achievement of 235 placements.

This year, she will also be involved with an inter-regional job placement program wherein students from other provinces will be placed in Ontario and Ontario students will get summer jobs in other provinces, a project aimed at giving students a better insight into the rest of Canada.

For this project, Manpower provides transportation costs to job sites.

To Observe World Day Of Prayer

Once again, on March 3rd of this year, the women of all churches in Haliburton will unite for the World Day of Prayer. The theme this year being "All Joy Be Yours".

Chalkdusters Take Notice

"When the Rotarian Banner Rises over Skyline Park
And the cheering cries
Sound loud on yonder rink,
We will meet you there for sure."
"Come fill your cup, and in the fires of sport
Your awesome challenge we here
And now retort,
The wheel of fortune has but a little way to spin
And lo, your outcome will be grim —"
"Some for the hope you burn so bright,
Some for the fun that is to come,
We accept your invite and let your taunting go
And bid you heed the rumble of our distant drum."

Criminal Injuries Pension Helps OPP Officer's Widow

The widow and son of an Ontario Provincial Police officer who was killed while attempting to arrest a man near Minden have been granted an income supplement by the Criminal Injuries Compensation Board.

Pauline Smith and her son James Gordon, now living in Hamilton, were granted \$366 per year as compensation for losses caused by the death of her husband, Corporal James Smith, who died on December 11, 1968.

He and Detective Sergeant Lorne Chapitis, of the same force, were killed while assisting in the capture of William Pratt who was later charged on two counts of capital murder.

Pratt was judged not guilty by reason of insanity and is now

confined to the Ontario Hospital in Penetang.

At the time of his death, Corporal Smith was earning \$7,900 per year with the possibility of promotion to a rank paying \$12,327 per year by September 11, 1971.

The board calculated that at that rate Corporal Smith would have brought his family \$6,521 following tax and the personal expense deductions.

The family's present income, derived from various pensions and insurance investments, is estimated at \$6,155.

The \$366 annual award was calculated to ensure that the family will receive an income equal to that Corporal Smith would likely have provided.

Haliburton County Oral Communications Festival Is Won By Cardiff Boy

Eleven-year-old Steven Charbonneau, a Grade 6 student from Cardiff Public School, won the Haliburton County Oral Communications Festival at the Haliburton Highlands Secondary School on Tuesday, February 15. He will have the honour of representing Haliburton County in the Zone Finals which will host students from York, Ontario and Victoria Counties, as well as Haliburton. These finals will be held in Dunbarton High School, Pickering, on Wednesday, March 8.

Steven, an intelligent and enthusiastic boy, displayed excellent poise and fluency during his talk entitled "Sharks". He showed that he had very carefully researched the topic and was able to present his findings in a most interesting and original manner.

Seven other students competed with Steven for the chance to

represent our county, and they were: Daryl Barry (Grade 7) and Christina Dickson (Grade 6) from Haliburton Village School; Cheryl Graham (Grade 8) from Wilberforce School; Agnis Abolins (Grade 8) from Cardiff School; Alex "Sandy" MacKay (Grade 8) from Dorset School; and Lynn Barnhart (Grade 8) and Dick Stouffer (Grade 8) from Archie Stouffer School in Minden. All of these young people won the respect of the audience by the interesting way in which they presented their speeches. Each school was well represented by the contestants which they sent.

The presentation of awards were made by Mrs. Bonnie Lee Berry - Women's Federation Certificates for each contestant, and Mrs. Dorothy Way - individual and school plaque on behalf of the Haliburton County Board of Education.

HALIBURTON NEWS LETTER

Mr. George Poole of Haliburton Lake and Mr. Peter McEachern of Wilberforce are the two latest members of the Rotary Club of Haliburton.

The movie "Toklat", the story of a bear, drew good crowds to the Molou Theatre here for the four presentations held last Saturday afternoon and evening.

Mr. Doug Campbell, the Area Manager for Ontario Hydro at Minden, was guest speaker at the Brotherhood of Anglican Churchmen's Communion and Breakfast held at St. George's Church, Haliburton, on Sunday morning. Mr. Campbell gave an outstanding talk on the development of hydro in this area.

The Haliburton Cubs, along with their leaders — Earl Shipley, Gordon Everall, Len Salvatore and Walter Webb — attended the church service at St. George's Anglican Church at 11:00 a.m. on

Sunday morning.

The Grade 2 students from the Victoria Street School, along with their teacher Mrs. Mary Robertson, attended the Haliburton Trappers' Association Fur Sale held at the Orange Hall here on Monday. Three students from Grade 5 also attended the sale. The students received a real education in fur buying and they were lucky to be on hand for one of the largest sales ever staged by the local Association — it was a \$15,000.00 sale. We understand that fox went for \$24.00, beaver were in good supply with a top price of \$38.00, muskrat went for \$2.10 each and fisher \$55.00.

The big hockey game is on this Friday night, February 25, when the Haliburton School Teachers meet the Rotary Club of Haliburton in a grudge game at the Haliburton Arena starting at 8:00 p.m. All proceeds are for Minor Hockey.

Large Crowd Attends Family Fun Night

The Family Fun Night held at the Haliburton Arena on Sunday night was a great success as hundreds turned out for this evening of skating and entertainment, which was sponsored by the Rotary Club of Haliburton.

An estimated 300 children and adults took to the ice at 7:00 p.m. for the skating party that officially kicked off the big night. Others packed their way into the Arena lobby to watch the skating and wait for the fireworks.

At 8:15 the bonfire was stoked up and hot chocolate and beans

were served in the fairgrounds. By 8:30 p.m. the grounds were filled with cars as hundreds viewed the giant fireworks display. Following the fireworks the skating resumed in the Arena.

It was a very cold night, but this didn't stop the people from turning out, and after it was all over everyone remarked that they had a swell time.

Many who were in attendance are requesting that the Rotary Club sponsor more such skating parties in the future. It all goes to prove that the parents are looking for something to do along with their children in an evening such as this, with good clean family entertainment.

Awarded Contract For Highway 519

Mr. R. Glen Hodgson, M.P.P. for Victoria-Haliburton, and the Honourable Gordon Carton, Minister of Transportation and Communications, are pleased to announce that C. Foster Rice of Haileybury has been awarded Contract No. 71-201 for clearing Highway No. 519 at Lochlin, southwesterly, excluding day labour construction and Drag River structure and approaches, a distance of 5.84 miles. The above contract is in the Bancroft District.

The contractor's tender for this contract was \$13,854.00.

\$350 Damage

Damage was \$350 in an accident on the Tamarack Lake Road late last Saturday night when a car driven by Harold Schilback, 20, of Gooderham crashed into another car which was disabled.

Police said that the car owned by Kenneth Graham had been crossways of the road and was inoperable at the time of the crash.

No one was injured in the crash.

Two Snowmobilers Injured In Mishap

Two persons received injuries in a snowmobile-car accident in the Haliburton area over the weekend.

On Saturday afternoon Carla Kelman, 24, of Don Mills and her passenger, Pauline Dupere, 36, of Toronto, were injured when their snowmobile crashed into the side of a car driven by Albert Loucks, 74, of Minden.

Police said the accident occurred on Little Hawk Road, about four miles east of Highway 35.

The car sustained \$50 damage and there was \$100 damage to the Kelman snowmobile.

To Inquire About Zoo

Mr. Ted Campbell, Secretary-Manager of the Haliburton Highlands Chamber of Commerce, will be flying to New York this Saturday at his own expense to inquire into a travel through type zoo for this area. He will be meeting with Mr. Dan Brennan, Vice-President of Warner Bros. - Seven Arts Productions.

The proposed zoo would be an all year round operation and would cover from 500 to 600 acres, and it would employ a number of people from the area.

Haliburton Huskies Juniors Finish 1971-72 Schedule In Third Place

The Haliburton Huskies have completed another regular schedule of games and now head into the playoffs against the Bobcaygeon Ti-Cats in a best-of-five Central Ontario Junior 'D' Hockey League quarter final series. The Huskies finished the season with 38 points while composing 18 wins, two ties and 10 losses. This was Haliburton's poorest finish in four years, as they led the league last year while losing only one game on their way to the Ontario Junior 'D' Championship. There were several factors involved with the Huskies' poorer season, the loss of eight regular players being the main factor. The Huskies started out with 17 players and a spare goaltender but ended the season with only

13 players and no spare net-minder. Two of the regular players, namely Bev Hicks and Roger Bain, are Midget age and have played faithfully for two teams. The loss of Jamie Carroll to the Huskies' defence and his failure to improve during the early part of the season also contributed to the letdown near the end of the schedule. The remaining players are hard workers and they will be playing all out during the playoffs, and they are sure that they can reach our group finals. They are looking for the support from the local fans.

One bright spot in the Huskies' past season was the play of Gerry McElwain who, after playing four years with the Haliburton Juniors, won the league scoring championship with 89 points on 30 goals and 59 assists. Gerry will be presented with the Lloyd Gilliam trophy at a future playoff game. Since this is Gerry's last season it was sure gratifying to see him leave junior hockey with a moment to as such. Gerry was the steadiest player during the past four seasons for Haliburton and he could always be counted on to give his best.

The Huskies will take on the improved Bobcaygeon Ti-Cats in the first series and on Wednesday night in Haliburton the local players came through with a close 4-3 win. The second game will be in Bobcaygeon this Friday night at 8:30, with the third game slated for the Haliburton Arena on Saturday night at 8:00 p.m. The Huskies are hoping to wind up the series in three straight and are looking forward to taking on the winner of the Bancroft and Fenelon Falls series. Lakefield and Cannington will play in a four-out-of-seven series and meet the winner of the other four clubs.

Be sure to see the Haliburton Huskies in playoff action — they are out to defend their Ontario Championship.

LAKEFIELD - HALIBURTON GAMED FEBRUARY 12 (Intended for Last Week)

The Haliburton Huskies once again had tough luck around the net on Saturday night as they were beaten by the Lakefield Chiefs 6-4. The Huskies had the best of the play throughout the game but because of some defensive lapses and some poor covering in front of their net they played catch-up hockey all night. Beavis in the Chiefs net played an outstanding game and was the main reason the Huskies didn't tie the score in the third period. The Huskies carried the play to the visitors throughout the first 14 minutes of the game

as they missed chance after chance at some golden opportunities for goals. It was Lakefield who opened the scoring at the 14:13 mark, and with the Huskies seeming mesmerized the Chiefs scored forty seconds later and then scored on a powerplay at 19:45 to give them a 3-0 first period lead. The Huskies were determined to come back in the middle frame as Floyd Henry and Gerry McElwain drew the locals to within one goal by the 10:11 mark. The Chiefs spoiled this comeback as they scored at 15:07, but Roger Bain slapped a hard shot in from outside the blueline only seven seconds later, ending the period 4-3 for Lakefield. The Huskies were disappointed early in the third period as the Chiefs scored what proved to be the winner at the :20 second mark. They then added insult to injury as they counted once again at 2:30, and Gerry McElwain scored his second goal of the game to draw the Huskies back within two goals but this was as close as they got. The Huskies played very well in defeat as they tried very hard but just couldn't score.

Local Novices Top Wilberforce 3-1

The Haliburton Novice hockey team continued on their winning ways last Saturday when they defeated the Wilberforce Novice team 3-1 in a game played at the Wilberforce Arena. The local Novice team have played three exhibition games and have won all three contests.

Goal scorers for Haliburton were Dave Nicholls, Andrew Hodgson and Jim Lee.

Haliburton Mites Hockey Results

The Haliburton Mites won a big hockey game last Thursday night when they defeated the Minden Mites by the score of 6-4 in an exhibition game played at the Haliburton Arena. It was an exceptionally clean game with no penalties being handed out.

Stephen Smith led the Haliburton scoring attack with two goals while single markers went to Peter Austin, Jamie McKay, Jeff Whitfield and Darren McGinnis. Ivan Ingram was the big gun for Minden while getting a hat-trick with three goals and Jeff Bain scoring the other marker.

It was sure encouraging to see so many parents from both Haliburton and Minden in attendance at this game.

The Haliburton Mites split their team into two groups and called them Team One and Team Two for action over the weekend.

On Saturday the first team stayed in Haliburton and played host to the Kinmount Mites while the second team travelled to Kinmount to take on Minden.

At Haliburton it was Kinmount earning a 7-2 decision over Team One as Peter Definney was the big marksmen for Kinmount while scoring five of their goals with Ward Crego adding the other two. Stephen Smith and Stephen Brooks scored for the Haliburton Mites.

In Kinmount the score was an identical 7-2 margin as Team Two from Haliburton were just too much for the Minden Mites. Jamie McKay led the Haliburton attack with five goals and Darren McGinnis picked up two, while Ivan Ingram notched both goals for the losing Minden team.

Minutes Of Monmouth Twp. Council Meeting

The Regular Meeting of the Monmouth Township Council was held on February 7, with the Reeve and all Councillors being present.

The meeting opened with the reading and adoption of the minutes for January, and the meeting then opened for business and discussion.

The following accounts were perused and passed for payment: General Accounts of \$1,552.73, Welfare Accounts of \$1,119.40, Road Accounts of \$2,423.51.

The one way snowplow purchased from the Highways Department in December has been doing an excellent job on the roads. Our winter crews also had their trials and experiences during January while sanding the icy township roads, but fortunately no damage was done to the township vehicles.

The problem of dogs running at large was rather heatedly discussed, but no solution was reached. Complaints have been received, unfortunately, so all dog owners are requested to keep their pets under control at home. The meeting was then adjourned until March 6.

Observer's Report To Ratepayers

RE STANHOPE TWP. COUNCIL

The year 1971 was a very satisfactory year for this township.

Quite early in the year Mr. James Elder disposed of his holdings, but he will continue to serve until the end of his term which is the end of 1972. Mrs. Elder is a member of the Haliburton County Board of Education and will also terminate her term. Of course, if they should purchase property in Stanhope again, they would qualify for re-election.

Mr. Thomas Welch, who had been the Clerk of the township for some thirty years, and having turned to the three score years and ten, turned his responsibility over to Mr. Gerald Bain who had been the Assistant Clerk for a year, and he is now carrying on.

Mr. Welch was Clerk during the eighteen years that I was Reeve and for the four or five years I sat as Councillor. He was a splendid Clerk, as the appointed officials are the backbone of any organization, and they are subject to getting kicked out at the whim of the electorate. Yes, I loved the hustle and excitement of the election races.

The most important events in the year were the completion of the improvement of Highway 35 from Buttermilk Falls to a mile below the boundary — this included the erection of two bridges with one at the Falls and the other over Beech River, and also a bridge being erected over the Grass River at the Airport. The latter was a township job at a cost of approximately \$85,000.00

which will be eligible for the 80% provincial grant. This work was carried on by the Bot Construction Company who did a fine job, even to the sodding of the ditches at the most populated points.

The zoning business seems to be quite well completed — a costly job, but when we are put under control of these boys with a few letters after their names we can look for higher costs.

I do feel the Township and County Councils are being hampered too much by provincial rulings.

Despite the restrictions, the licenses and permits, etc., necessary before any building operations start, there has been some fine homes erected in the township. We welcome these folks endeavouring to get away from the crowded areas, and regret the inconvenience often experienced but the fault does not lie at the municipal level.

I believe the Ratepayers' Association must be dead, but I feel some report should be made to add to the notes in the local paper of the Council's procedure.

In closing I must again stress the importance of the appointed municipality officials. The elected folk are subject to being kicked out quite often before they have completed some project that they feel is very important — however, this is the way it is.

I will probably report quarterly if it is satisfactory to the Council members, and I thank all the officials for their co-operation.

Sincerely - Clayton Rogers.

THE WAY IT WAS FOR BILLY THE KID

In a nostalgic mood today, I've been thinking that, with the onslaught of the Speed Age, many of our fine old Canadian traditions have fallen by the wayside, died on the vine, or simply lain down and curled up their toes.

One of the first to go, of course, was the blacksmith. It hurts me to face the truth: that most people today under thirty have never known the sensory joys of a blacksmith's shop.

At this time of year, small boys used to squeeze through the ramshackle door, and edge as close as they could to the fire, freezing their bums and roasting their cheeks. There was a fine acrid stench of horse manure and scorched hooves. There was the leaping flame as the bellows blew. There was the ringing clang as the smith beat out the white-hot metal between hammer and anvil, and the satisfying hiss when the hot metal was plunged into the cold water.

At a certain age, most male kids would have settled happily for the life of a blacksmith, a free soul who spent his days doing the most fascinating work in the world.

The decline of the smithy, of course, was brought about by the gradual phasing out of another tradition — the horse-drawn vehicle.

I wonder how many kids of this generation have ever spent a winter Saturday "catching bobs". This was our term for jumping on the backs of farmers' sleighs.

All day long the farmers came and went to and from town. And all day long we hopped on behind a load of grain, left that for a load of supplies going the other way, picked up a sleigh piled with logs for the return trip, and shivered with delighted fear as the farmers shouted at us, and even sometimes flourished their whips in our direction.

As we grew a little older, about 12, we graduated to catching on the wing a cutter. This was more daring and more dangerous because they could really fly, the runner was much smaller, and the farmer could turn around and belt you one on the ear.

Most of them, of course, were pretty decent. I know now that they were more worried about us

getting hurt in a fall than they were about the extra weight their horses had to pull.

Then there were the butchers' cutters. These consisted of a sort of box with runners beneath, and a step at the back for the driver to stand on. The horses were not plugs, but real road-runners that went like a bat out of hell. They were every bit as exciting as a Roman chariot, and the drivers were the envy of every boy, in fur caps, reins in one hand, whip in the other, as they tore through the town like furries.

And I wonder how many boys have played hockey all day on a frozen river, when a hard shot the goalie missed might slide for a quarter of a mile. We never had to worry about ice-time, or changing lines. We could play until we were pooped, then sit by the bonfire until rested, and have another go. And there were always twenty or thirty playing at once, so everybody got a whack at the puck. Some great stick-handlers came out of that era.

Think of the depths to which we have sunk. The smithy, with its light and shadows, its reds and blacks, its earthy smells, its sense of life, has been replaced by the garage, a sterile thing with its cement floor, its reek of gas and oil, and its unspoken assurance that this-is-gonna-cost-you-plenty-buddy.

The cutter, swift and light as a bird, no longer skims the snow. It has been replaced by a stinking, snarling, skidding beast that only modern man could abide — the snowmobile.

No more meat-cutters, careening around the corners on one runner, delivering in any weather. Now, we plod like zombies through the supermarket, to moronic piped-in music, and pick up the odourless, antiseptic, cellophaned packages the great gods Dominion, Loblaw's or Safeway have assigned to us, and carry them humbly to our cars, three blocks away.

Our kids have to get up at five a.m. to play hockey, and if they're not real "killers", get about four minutes ice-time.

Ah, those were the days! And I haven't even begun on the most vital of all winter equipment — the puck consisting of a frozen horse-bun.

CHURCH NEWS

MEETING HELD BY HALIBURTON U.C.W.

The regular monthly meeting of the U.C.W. of the Haliburton United Church was held at the home of Mrs. James Way on Thursday, February 17, with 28 members being present.

The meeting was opened by the President, Mrs. Robert Brohm, with a poem and prayer.

A very inspiring worship service was ably conducted by Mrs. W. R. Curry who chose as her theme, and very appropriate for February, "Love". Mrs. Curry also included the Scripture Reading from Corinthians 1-13 and the hymn "O Fellow Man, Clasp to thy Heart thy Brother" was sung.

Following a short business period, Mrs. Ron Curry then introduced the guest speakers for the evening, Mrs. Don Finn and Mrs. Frank Ford, who gave a most detailed and extremely interesting demonstration of Creative Stitchery. This very modern form of art includes tapestries in all types of stitches, materials and applique, as well as various forms of ecclesiastical embroidery done in the finest of gold and coloured threads and minute stitches. This demonstration proved most fascinating and all present expressed their appreciation to Mrs. Finn and Mrs. Ford for their work and preparation in bringing this hobby to the meeting.

The meeting closed with the Mizpah Benediction and a social hour followed.

VISITORS COMING TO FULL GOSPEL LIGHTHOUSE

The next two weekends are going to be busy at the Full Gospel Lighthouse here in Haliburton.

The weekend of February 25, 26 and 27 the work of Christian missions will be emphasized. Two missionaries from Rhodesia, that troubled land, will be showing a film of their work and explaining what life is like there. On Saturday evening Reverend Wes Oake from the Minden United Church will be speaking and showing slides of his visit to Russia in 1971. On Sunday Reverend Bob Larden, Canadian Field Representative for the Apostolic Church of Pentecost, will be speaking at the morning and evening services at 11:00 a.m. and 7:00 p.m. Mr. Larden, a dynamic speaker, travels across the Dominion visiting local churches of the Apostolic fellowship. He also serves on the Missionary Council overseeing the work of sixty Canadian missionaries in ten different countries.

The highlight of the following weekend (March 3, 4 and 5) will be the visit of Sister Mary McCarthy, a member of the Roman Catholic Order of St. Joseph, to Haliburton and to the Full Gospel Lighthouse.

RELIGION IN THE NEWS Who Are The Jesus People?

Over the past twelve months the news media have been reporting on a striking phenomena in the North American youth sub-culture... a re-emergence of a Bible-based, old-time religion! Who would ever have thought such a development possible in a

day of pseudo-intellectualism, God-is-dead theology, hip drug faddists? "Man, we can supply our own spiritual high without all that moralizing claptrap" they seemed to say.

While the adult "christian" world wrung its hands helplessly, while hedonistic, Playboy oriented sophisticates looked on with a glee that soon turned to sickened horror, young people seemed to be on the one-way road to self-destruction and Hell. However, not all christians wrung their hands. Some, such as the Teen Challenge workers and others from the more fundamentalist inclined churches, showed an active concern, got personally involved, helped where they could, and, perhaps most importantly, prayed earnestly for deliverance. The results are now beginning to show.

Christian communes with strict, loving moral standards. There is one of these near Combermere just north of Bancroft which has developed a nationwide ministry with a heavy Catholic influence. Christian demonstrations appealing for justice and love in of our dealings with our fellows (whether governmental or otherwise). Where, oh where, have the Berkeley days gone? Taken over, to a large extent, by the active Bible-centred Christian World Liberation Front.

Christian youth conventions interested in Christian missions and a morally based involvement in mankind... a morality based on faith in Christ. Some Haliburton youngsters attended along with 12,000 others the triennial Urbana Missions Convention. Watch for news of the 100,000 expected at Expo '72 in June at Dallas dedicated to the old-fashioned (?) theme of world evangelization for Christ.

Small cells of young people (e.g.: fifth floor of Rochdale College) meeting, growing and inspiring adults to do likewise. Charismatic cells across the dominion are now virtually numberless, in homes, schools, convents (yes, convents) and even in churches. Most, but not all, of this activity emphasizes the pentecostal work of the Holy Spirit. This upsets some but almost everyone is happy to exchange this 'irregularity' for what we had before.

Adults need to take heart, study their Bibles, be open to God's very active Spirit, and accept Christians no matter what their appearance. As long as they worship God through Christ and are open to the Spirit and the Scriptures they are my spiritual brothers.

Some people's God may be dead... the God of the Bible isn't.

Noel McNeill.

WHY HAS GOD PERMITTED WICKEDNESS?

Satan did not raise any issue as to Jehovah's strength. He did not challenge Jehovah to use his might to destroy him as an opposer. But he did challenge God's right to rule and the rightness of his way of ruling. Also he questioned the loyalty of Jehovah's creatures. So it was a moral issue that had to be settled.

Satan's false charges against

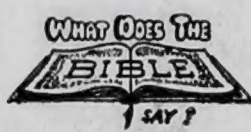

Jehovah may be illustrated to a certain extent in a human way. Suppose a man having a large family is accused by one of his neighbours of many false things about the way he manages his household. Suppose the neighbour also says that the family members have no real love for their father but only stay with him to obtain the food and material things he gives them. How might the father of the family answer such charges? If he simply used violence against the accuser, this would not answer the charges. Instead it might suggest that they were true. But what a fine answer it would be if he permitted his own family to be his witnesses to show that their father was a just and loving family head and that they were happy to live with him because they loved him! Thus he would be completely vindicated — Prov. 27:11.

This illustrates in certain respects what Jehovah has done. Moreover he has allowed sufficient time — now almost 6,000 years — for the issue to be settled beyond all doubt. He has allowed this time, not only to permit his faithful creatures to prove their devotion to him and his rule, but also to demonstrate that any other kind of rule results only in bad (Prov. 1:30-33; Isaiah 59:4,8). By rebelling against Jehovah God, Satan set himself up as a rival ruler. And, by taking the course Satan recommended, the first human paid declared themselves independent of Jehovah's rule and came under Satan's control (Gen. 3:6; Rom. 6:16). By God's letting both Satan and man go to the limit in their efforts to act and rule independently of their Creator, their total failure to produce good government, with real benefits for all mankind, would be made evident beyond all future denial. Meanwhile Jehovah would have those on earth who love him, proclaim his name and purposes for the enlightenment of all who love and seek what is right.

So the situation is much like that involving a Pharaoh of Egypt who took a course similar to that of Satan the Devil in opposing Jehovah God, and to whom Jehovah said, "By now I could have thrust my hand out that I might strike you and your people with pestilence and that you might be effaced from the earth. But, in fact, for this cause have I kept you in existence, for the sake of showing you my power and in order to have my name declared in all the earth." — Exodus 9:15,16.

But next week we'll see what the results of Satan's rule and man's independence from God have been.

Ray Zwidayk, Haliburton.

THE BIBLE MUST SPEAK FOR ITSELF

One of the most vital rules to learn in the study of the Bible is that the Bible must speak for itself. Men too often read into the Bible what they want it to say, or wish it would say. There can be no reading between the lines in a successful effort to study the word of God. We must take God at his word, and remembering that the Bible is an all-sufficient divine revelation of God's will, we must be willing to take the truth exactly as God has stated it without addition or subtraction. Reading into the Bible what is not there results always in our being led away from the truth.

The Bible Its Own Interpreter

The same passage of Scripture is not susceptible of conflicting interpretations. To say that you can interpret it your way, and I can interpret it my way, and both be right is to accuse God of "double talk" and indefinite, ambiguous language, which, of course, is not true. God has spoken in definite and positive terms that are plain enough for us to understand. Otherwise the Bible is no "revelation" at all. We can therefore understand what God wants us to know if we will strive to learn the intention

of the language used and determine what the will of God actually is.

When any instrument is introduced into court and its construction becomes necessary, the first rule that is followed to learn what its language actually means is this: What does the instrument as a whole actually say? The purpose of this is to take the whole instrument into consideration and really construe it, first of all as a whole instead of in separate parts. Whatever any statement may seem to say when taken by itself surely must be in harmony with the rest of the instrument or else the instrument is faulty and is not binding. This is a simple principle but it needs application badly in the study of the word of God. No statement of God's word is out of harmony with the truth which the word as a whole teaches. When we reach any conclusion concerning any passage which is out of harmony with what the rest of God's word teaches, our conclusion is wrong. Peter makes this very demand of teachers when he said, "If any man speak, (Continued on following page)

let him speak as the oracles of God." (1 Peter 4:11).

The Context

Frequently a careful study of the context of a passage will prevent its misuse and our misunderstanding of it. The verse that goes before and those that follow immediately after must be studied in the light of the question — what is the writer discussing? To whom was this written. The application of commandments or promises contained in the Bible and addressed to particular and special groups should certainly not be extended beyond those groups. Jonah's message was from Nineveh. Noah's message was for the world before the flood. Moses' law given at Sinai was for the Jews or those who had been delivered from Egypt. The promise of the direct guidance of the Holy Spirit were directed to the Apostles. (John 14:16, 17, 26; 16:7-14). No man has the right to try to extend these and many others like them beyond the scope God gave them at the time they were spoken.

Still another question to ask concerning any passage is — by whose authority is this spoken? God speaks unto us in this last age through his Son (Heb. 1:1). We are under law to Christ (1 Cor. 9:21). All authority both in heaven and on earth has been given into his hands, therefore no one else speaks with any authority at all unless he speaks what Christ has spoken (Matt. 28:18-20). The gospel of Christ is the only message that this world had ever been given that has the power to condemn the souls of men who do not believe it (Mark 16:15, 16).

Evangelist John S. Whitfield,
P.O. Box 458, Haliburton, Ont.

Flakes

The snow has fallen, endless white, flake upon flake, piling up millions, no two the same they say.

I wonder if God created them one by one, each separate and apart?

Drifting at my feet, and whirling round my head, they flutter to the ground.

They make a world unreal, silencing all beneath its blanketing. Hear the quiet all around, all around.

Hyland Crest Home News

The residents of the Hyland Crest Senior Citizens' Home in Minden celebrated St. Valentine's Day to the pleasure of all concerned.

The spacious auditorium was tastefully decorated in red and white garlands fastened gracefully around the hall. Red valentine hearts adorned the walls and the buffet table was centred by a large heart-shaped cake beautifully made both inside and out by Mrs. Lewis Stevens. Even the red and white leather chairs did their part and were filled to capacity.

For the opening ceremony, a king and queen with supporting princesses and princes were duly crowned. Mr. William Deacon was King William V with Mr. Wilbert Sisson and Mr. Robert Schroter as Princes; Mrs. Jane Fairfield, the oldest resident present, was Queen and Mrs. Pearl Elstone and Miss Alberta Webber were Princesses. Standing on the red carpet, the Queen gave a hearty welcome to everyone and asked all to join in the singing to wish a happy birthday to King William who celebrated his eighty-seventh birthday that day.

This was followed by the violinist, Mr. Precoor, and Hyland Crest resident Mr. A. Quibell calling off an impromptu square dance by these royal couples, this creating a good deal of fun and proved more "age before beauty" in both action and looks. Dancing and waltzing and old and new favourites were then enjoyed. Mr. Sinc Nesbitt arrived to aid in the "calling off" and Mr. Everett Fearrey joined the violinist and also added some excellent solos.

Miss Precoor gave an excellent exhibition of beautiful dancing - a rare treat. Mrs. Bursey put old songs on the screen and Mr. Bob Schroter accompanied the singing with his violin.

Old friends and new enjoyed pleasant meetings until supper was announced. Pretty young girls served tea and refreshments from the buffet.

Congratulations, everyone, your next move is St. Patrick's Day in all its green and hopeful splendour.

Jane Fairfield, per the Residents of Hyland Crest.

Tomorrow

Look towards tomorrow to see a brighter day? Perhaps our children's children will find a better way. Why must we close our eyes to conditions that we see, With a fatalist's attitude - "Whatever will be will be?" We must surely make a stand to turn the wrongs to rights, To bring a much more peaceful world into our sights. Trust not in tomorrow to cure all our ills. Now's the time to wipe the dust from off our window sills. The trouble with tomorrow is tomorrow never comes. We must surely start today, to get a few things done.

Marilyn Henderson.

Dear Sir:

I want to say just a little word to commend you on your Front Page Editorial in the February 10th issue, "Sunday Is The Sabbath Day". This is indeed a timely word. I agree that our permissive society has taken to flouting almost every moral and spiritual law. It seems nothing really matters anymore. But we are paying for our carelessness in many ways.

The principles which an all-wise God has laid down cannot be violated with impunity. This disregard for any of God's commandments has not only just emerged, but has been creeping up on us gradually. Little by little we have been letting go the standards that we once held dear. The sacredness of the Lord's Day has long since been lost in many areas of our social system.

Who is to blame for this? We the people have to, in large measure, point to ourselves in fixing the blame for our present dilemma. Repeatedly in recent years the populace have pressured the powers that be to relax the nation's blue-laws regarding the Lord's Day observance. Our governments have heeded our cries for a more open Sunday; removing many long-held restrictions. All that was needed was to start with the thin end of the wedge — by just driving that same wedge a little at a time we now have an almost wide open Sunday.

Christians are to be the "salt of the earth", to preserve our precious heritage and to let it be known that there is a savor to godly living. They are also to be "the light of the world", by walking in the light of God's eternal unchanging word. It is not too late to save our unhappy situation if, with purpose and determination, we apply ourselves to returning to the diligent doing of those things that the all-wise God has commanded. Christians, let us rouse ourselves from drowsiness and lethargy!

Lorne Schmitt.

EDITORIALS...**A Word To Snowmobilers**

Practically every day when we pick up a Toronto newspaper we read of several snowmobile accidents and in some cases loss of life. It is not going to be too long before some person is seriously injured or killed in the Village of Haliburton if some of these snowmobilers are allowed to travel up and down the main street and on the sidewalks of other thoroughfares of the village.

One of these days some child, or even an adult, will be coming out of one of the local business places and will be struck down by one of these machines. Then everyone will be up in the air and maybe something will be done, but only after an unfortunate mishap.

With the wide open country we have here, we can't understand why some of these snowmobile operators have to go up and down the main street, both on the sidewalk and the road, plus travelling on the side streets. As far as getting to the lake is concerned, there is plenty of other routes. We have come to the conclusion that the users of these vehicles who are ripping around the town are doing it mainly for show-off purposes.

Snowmobiling is a great sport to be enjoyed by all, and it is just too bad that a few have to make a bad reputation for the majority.

If some changes aren't soon made it won't be too long before snowmobiling will be limited to certain areas.

A word to the wise should be sufficient!

A Big Feud Going On

There's quite a feud going on between the Haliburton school teachers and the members of the Rotary Club of Haliburton.

The trouble seems to stem from the fact that both groups think that when it comes to playing hockey they have the best talent in Haliburton County. Several uncomplimentary remarks have been spoken by each side, and it's getting to the point where tempers are starting to flare up on each side. The school teachers have branded the Rotary team as a bunch of Rolly Pollys while the Rotary Club have accused the teachers of masquerading under the name of Chalkdusters, and the Rotarians have gone so far as to say that the teachers might be wearing skirts for a game. The result of all this fanfare is going to end up in a challenge hockey game at the Haliburton Arena this Friday night, February 25, at 8:00 p.m. The Chalkdusters, who have been practising since last October, have thrown out the challenge and Joe Iles has accepted this daring offer on behalf of the Rotary Club Rolly Pollys. Joe claims that the Rotary team has had only one practice but says that is all they will need to defeat the local Chalkdusters.

The big question that can only be answered on Friday night is whether the star goaltender of the Chalkdusters, who missed last year's game, will show up for this contest. Only time will tell. We can hardly wait for the final results of this big battle.

The one man who will be right in the middle of things, and who will be trying to keep the game from getting out of order, will be referee Mark Schell.

No matter what the outcome, the big winners will be Minor Hockey who are sponsoring the contest. Don't forget, it's this coming Friday night at 8:00 p.m. in the Haliburton Arena.

**The Heart Fund -
A Unique Health Cause**

It is important for everyone to realize that the Heart Fund, conducted here in Haliburton County and throughout Canada during February, is something more than "just another health drive".

The Heart Fund is uniquely important. Essentially, it is a combined appeal supporting the nationwide fight against a great complex of diseases and disorders — heart attack, stroke, high blood pressure and hardening of the arteries, rheumatic fever and inborn heart defects, to mention only a few. Diseases of the heart and circulation, which your Heart Fund dollars help to fight, are responsible for more than 77,000 deaths in Canada each year. That is more than the combined total, resulting from all other diseases and causes of death. In fact, these cardiovascular diseases account for over 51.4 percent of all deaths. The heart problem is no distant abstraction. Although national and international in scope, it exists as a painful and costly reality right here in this county. If you have doubts, examine the obituaries which appear in our newspapers. You will find that our local mortality experience closely parallels national figures; that, on the average, about half our death notices will mention "heart attack", "stroke" or "heart disease". All too often these terms are applied to family breadwinners in the prime of life — men in the 30 to 50 year age bracket.

There is only one practical way to fight heart disease, namely by supporting your Heart Foundation's balanced programs of research, education and information. You can do this by contributing Heart Fund dollars. Truly, the Heart Fund deserves a place at the very top of your "giving for health" list. Our objective this year is \$1,150,000. Send your contribution to the Canadian Heart Fund, 247 Davenport Road, Toronto 180, Ontario, or your local Chapter.

Harrison - Packard Wedding Solemnized At Carnarvon

Yellow and white mums decorated the Zion United Church at Carnarvon where a very pretty wedding was solemnized on Saturday, December 11, 1971, when Miss Gwen Packard, the daughter of Mr. and Mrs. Russell A. Packard of R.R. 2, Minden, and Mr. Paul Clifford Harrison the son of Mr. and Mrs. Orval Harrison of R.R. 2, Minden, were united in marriage.

Reverend Wesley Oake officiated at the double ring ceremony and during the service Mrs. R. Gorrie played a selection of hymns chosen by the bride.

Given in marriage by her father, the bride looked beautiful in a gown of white peau-de-soie trimmed with small embroidered daisies centred with seed pearls, and extending into a full train at the back. Her tiara style head-

dress, made to match her gown, and three-quarter length veil of sheer illusion edged in very fine lace were made by the bride. The bride wore a very beautiful pendant which had belonged to her grandmother from Scotland, and which she had worn at her wedding. Her bouquet was a very dainty spray of red roses, lily of the valley and pine.

The bride's sister, Miss Jeanne Packard, was the bridal attendant wearing a two-tone blue gown with light blue sheer bodice and dark blue velvet skirt and trim. She carried a dainty bouquet of talisman rosebuds.

Mr. Allan Murray of Rexdale, a close friend of the groom, was best man. The ushers were Ross Packard, brother of the bride, and Barry Trowell, friend of the groom.

A reception was held at Matabanick Inn, with the bride's mother receiving wearing an apple green dress and coat ensemble of peau-de-soie with black accessories and a mauve corsage. The bridegroom's mother assisted wearing a turquoise peau-de-soie dress with black accessories and a pink corsage.

For a honeymoon trip to Hidden Valley the bride wore a turquoise dress with moccacolooured suede accessories and a white corsage.

The newlyweds are residing in Willowdale.

Wedding

THOMPSON - HARRISON

The wedding of Carol Marie Harrison, daughter of Mr. and Mrs. Elmer Harrison of Maple Lake, to Eric Owen Thompson, son of Mr. and Mrs. Lloyd Thompson of Etobicoke, took place at the Logan Geggie Memorial Church on Saturday, January 22, 1972.

The bride, given away by her father, was attended by Debra Clarke, cousin of the bride, as matron of honour; Wendy Adam as bridesmaid; Susan Harrison, cousin of the groom, as junior bridesmaid; and the flower girl was Sharon Harrison, sister of the bride.

The best man was Murray Adam, a friend of the groom, with Hughie Thompson as ring bearer. Robert Glazebrook acted as an usher.

Following the wedding a reception was held at the Ascot Inn in Rexdale.

They have taken up residence at Don Mills, Ontario.

Best wishes go to the happy couple from their friends and relations from the Haliburton area.

Obituary

GEORGE H. BRENNAN

Mr. George Brennan, a veteran of two world wars and the Irish Rebellion, fought his last battle and passed away, in his 74th year, on Saturday, January 8, 1972.

He was born in Toronto, and moved with his family to Haliburton in 1938.

He will be deeply and sincerely missed by his loving wife Ethel Walter, who shared a full and eventful life with him for 47 years; his son Collin and his wife Yvonne and grandchildren Judith, Scott, Richard, Lisa and Michael of Toronto; his daughter Carolyn (Mrs. Trenton), her husband Phil, grandchildren Jason and Dorian of Richmond Hill. He is also survived by a sister Dora (Mrs. Wesley J. Hammond) of Guelph, a brother Bill of Coventry, England, and a brother Henry of Toronto.

The community has lost a good citizen and the Legion a good comrade, one who had given much of his time and ability to promote the best interest of a great organization. Being well versed in veterans' affairs, he worked with dedicated determination to do his utmost at all times for the welfare and justified rights of veterans everywhere.

George Brennan had many talents and was also known as the "mirth making magician", and he entertained many troops during the last war with his magic tricks. His artistic talents were applied in establishing himself as a craftsman in leathercraft.

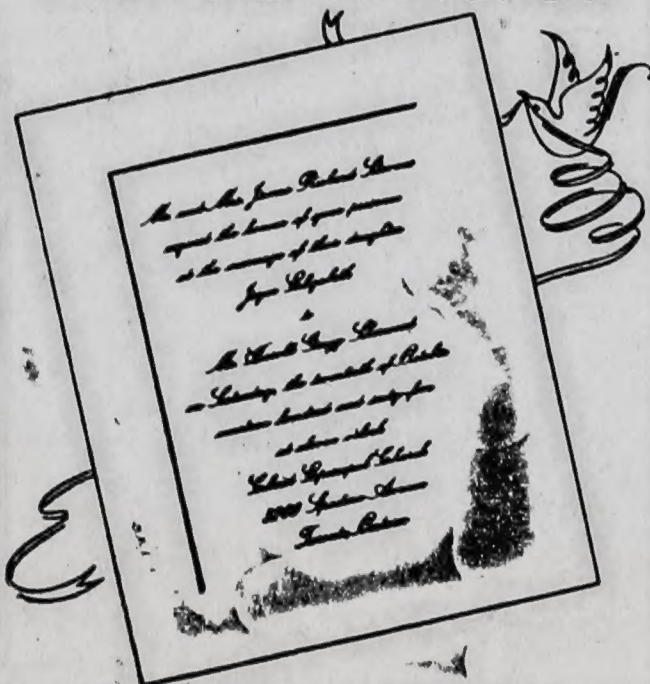

Let us not mourn over much, for death is but the common lot of all. Is that the end? Or is it not rather the gate through which the soul passes to enter a new life? A life that is bigger, better and nobler in each single part and steeped in the bliss of God's eternity.

The late Mr. Brennan rested at the John Welch & Son Funeral Home, Minden, until Tuesday, January 11, and thence to St. James Crematorium, Toronto, for interment.

The North Entrance Lodge No. 463 A.F. & A.M. of Haliburton conducted a last rites service, assisted by representation from nearby Masonic Lodges for their brother at 8:00 p.m. on January 10 at the Funeral Chapel. A Royal Canadian Legion service was held at 2:00 p.m. on Tuesday, January 11, conducted by President Roy Bates who was assisted by Padre Captain D. Wheeler and Reverend F. A. Ford.

We shall remember him."

Windigos Club Plan Cook-Out

The Donald Windigos Snowmobile Club are organizing for another winter picnic at Koshlake Lake. Overzealous in their preparations for the Haliburton Winter Carnival cook-out has left the club with a ready-made picnic area, a plentiful supply of dry wood and a stock of groceries. This is not to say that the Carnival trip was not a success — it was, as more than forty people braved the rainy weather to enjoy that outing. Had it been fair weather the turnout might well have exceeded all expectations.

This second outing is planned primarily with the snowmobiling family in mind. The emphasis will be on short jaunts to explore the lake and surrounding area. Hot chocolate for the children and coffee for the grown-ups will be available from noon time on, and one hot meal will be served in mid-afternoon.

The ardent tripper has not been forgotten, as a longer and more interesting safari will move off from the Donald Community Centre grounds in mid-morning, scheduled to arrive at the picnic area in time for the meal. Not recommended for beginners, this trip will test the driving skill of the hardest snowmobile fan. Here is your chance to view the beautiful desolation of the land scoured by the great Snowdon fire of twenty-two years ago.

These events are scheduled to take place this Sunday, February 27, weather permitting. See our advertisement elsewhere in this paper. Those who may require guidance in reaching the area are requested to call the writer at 457-1658.

It Happened To Mr. Mark Schell

Yes, Mark Schell, with 20 years service as a qualified chef and manager, has been notified by the Haliburton County Board of Education that his salary will be cut by \$800.00 per year.

As we all know, Mark has been a cheerful, faithful hard worker in the Haliburton Highlands Secondary School cafeteria for a good many years — serving good, nourishing food to our children at a minimum fee. He is on the job at 6:00 a.m. until sometimes 3:00 and 4:00 in the afternoon.

If this goes unobserved and we lose Mark, you can bet your sweet life we will be paying more for our children's lunches than we do now, and who of us can afford that?

Right now labourers are getting more wages than Mark is at the cafeteria. So parents and taxpayers, let's give this our immediate consideration, as there is much unrest right now over this matter among the students at H.H.S.S.

To Stage Family Snowmobile Rally

The Lake Kashagawigamog Tourist Association invites everyone interested to take part in their Family Snowmobile Rally to be held this Sunday, February 27, starting at 1:30 p.m. at the Haliburton Marine.

This will not be a race — and speed will not be the determining factor in winning or losing points. It is a FUN rally, in which each machine must attempt to drive between check-points safely and directly. A "correct" time/elapsed will be predetermined by the judges, and the contestants closest to the time given will be declared the winners.

To enter, there must be two participants on each machine, man and wife, or son and daughter, or boy and girl. Contestants will start from the Haliburton Marine and proceed around Lake Kashagawigamog to check-points disclosed as they progress. Each check-point will be well marked by a welcoming bonfire, the Rally symbol, and your "Check-point Charlie", who will be the owner of the resort or business where you stop.

At the end of the trip all those who enter can warm up with baked beans and hot coffee, while the judges tally the points.

Winners can look forward to some interesting prizes to cap off an invigorating fun rally on one of Haliburton's largest and most beautiful lakes.

About The Heiress

She is wealthy, he is not. He wants to marry her, she wants to marry him. Her father objects. What does she do? What does he do? This is one problem presented in the drama "The Heiress", by Ruth and August Goetz, on March 9, 10 and 11 at the Haliburton Highlands Secondary School Auditorium. See Coming Events in this paper.

Fishing Huts Must Be Registered

Ice fishing huts on Boshkung, Twelve Mile and Gull Lakes in the Minden area must be registered with the Department of Lands and Forests, and the number placed on the outside of the hut.

All ice fishing huts must be removed by March 31.
